

December 16th, 2020

RiverPointe Post-Acute communication update related to Covid-19.

We are deeply committed to the health and safety of our residents and staff members. In an effort to provide the most current updates we will be uploading all Covid-19 related updates on our website RiverPointePostAcute.com.

Resident and Staff Status

We are grateful for the period of time we had with no covid-19 cases in our building. As of today, December 16th, as part of our weekly testing we had a resident's test result come back positive. We also have 2 staff members who are not working in the building with positive results.

The patient is isolated and our mitigation plan to manage positive cases is fully operational. Since January 1st, 2020, there have been a total of 87 residents and 46 staff members who have tested positive for Covid-19.

Thank you for your support and understanding during these challenging times. Please feel free to contact us if you have any further questions.

Sincerely,

Steve Baddley, NHA (916) 752-2443 cell phone

Mark Ocampo, DON (916) 512-7125 cell phone
