RiverPointe Post-Acute communication update related to Covid-19.

We are deeply committed to the health and safety of our residents and staff members. In an effort to provide the most current updates we will be uploading all Covid-19 related updates on our website RiverPointePostAcute.com.

Resident and Staff Status

December 17th, as part of our weekly testing we had a resident test result come back positive. We also have 5 staff members who are not working in the building with positive results.

Both positive residents are in our isolation unit and our mitigation plan to manage positive cases is fully operational. Since January 1st, 2020, there have been a total of 88 residents and 49 staff members who have tested positive for Covid-19.

Thank you for your support and understanding during these challenging times. Please feel free to contact us if you have any further questions.

Sincerely,

Steve Baddley, NHA (916) 752-2443 cell phone

Mark Ocampo, DON (916) 512-7125 cell phone
