RiverPointe Post-Acute communication update related to Covid-19.

We are deeply committed to the health and safety of our residents and staff members. In an effort to provide the most current updates we will be uploading all Covid-19 related updates on our website RiverPointePostAcute.com.

Resident and Staff Status

December 25th, as part of our weekly testing we had one resident test result come back positive. We also have 3 staff members who are not working in the building with positive results.

The resident with a positive covid result is in our isolation unit and our mitigation plan to manage positive cases is fully operational. Since January 1st, 2020, there have been a total of 89 residents and 49 staff members who have tested positive for Covid-19.

Thank you for your support and understanding during these challenging times. Please feel free to contact us if you have any further questions.

Sincerely,

Steve Baddley, NHA (916) 752-2443 cell phone

Mark Ocampo, DON (916) 512-7125 cell phone
